High praise from a veteran large cent collector.

Hi Tett--

I've seen pictures of your set, and just saw the (just about) final catalog. I can only stand back and appreciate. It's very possibly the finest specialized collection of coins ever formed; it certainly beats Naftzger's large cents. Congratulations, Tett. I hope parting with them is more toward the wistful than the traumatic.

Happy 105, Eric. Mr. Spock said, "Live long and prosper," and you're doing an extraordinary job of both. Enjoy the ice cream, and be well!
